- Call to Order: Chairman Hyder called the meeting to order at 3:01PM.
- Minutes: a motion to approve June 13, 2018 and November 28, 2018 minutes was made by Isham, second by Rhea. All approved.
- Report from County Attorney Philip Burnett:
The state gives counties power to do certain things under TCA 5-1-115 that can or can't be enforced if chosen by the county. The Cumberland County Commission chose to adopt a portion of TCA 5-1-115 when they approved Resolution 1205-6. The adopted resolution currently restricts the board to structures only and no trailer. Attorney Burnett will draft an amendment to Resolution 1205-6 for the HSSB to review that would include mobile homes and make it specific for structures to include trailers. A new sample resolution will also be written that would give the HSSB authority to include debris complaints.
- Other Business: The next meeting will be on March 19th at 3:30 PM.
- Adjournment: With no further business, Isham moved to adjourn, seconded by Rhea. Meeting adjourned at 4:30 PM
