Danny Thurman

- **Call to Order** – The meeting was called to order at 5:10 pm by Chairman Terry Lowe. A quorum was present.
- **Approval of Minutes** – A Motion was made by Commissioner Dewey Walker to approve the minutes. The Motion was seconded by Commissioner Charles Seiber. Minutes were approved.
- **2023 County Road List** – Motion made by Darrell Threet and second by Charles Seiber to accept the Road List as present, all-in favor. Motion was carried.
- **New Business**- No new business.
- **Old Business – Codes** – Danny Thurman for the Codes Department present for answering questions relative to the last meeting. He states there is the option of the encapsulation. It is an option that was approved. Versus putting the insulation under the sub floor, or the encapsulation is an option that Brian explained the last time you insulate the foundation walls and thrive air airflow conditioning through that system through the crawlspace to keep that air circulated.

Mayor Foster states that Attorney Phillip Burnett was researching about the discussion about the insulation. We would need start with state department about it. There's discussion on whether we can exempt things that the state's not exempting. We're trying to figure out a way and if we can do that but so far nothing has been worked out yet and we do not have our resolution on that.

This is presently at a consensus.

- **Adjournment** – A Motion was made by Commissioner Wendall Wilson and seconded by Commissioner Greg Maxwell to adjourn the meeting. The Motion passed and the Meeting was adjourned at 5:32 PM.

Minutes Prepared & Submitted by Jennifer Sherrill-Dannel

Approved by Chairman: Terry Lowe

Date: 3-2-23
